How the García Girls Lost Their Accents

Julia Alvarez

In Julia Alvarez's debut novel, the García sisters — Carla, Sandra, Yolanda, and Sofía — and their family must flee their home in the Dominican Republic after their father's role in an attempt to overthrow a tyrannical dictator is discovered. They arrive in New York City in 1960 to a life far removed from their existence in the Caribbean. In the wild and wondrous and not always welcoming United States, their parents try to hold on to their old ways, but the girls try to find new lives: by forgetting their Spanish, by straightening their hair, and by wearing fringed bell bottoms. For them, it is at once liberating and excruciating to be caught between the old world and the new. How the García Girls Lost Their Accents sets the sisters free to tell their most intimate stories about how they came to be at home — and not at home — in America.

Brain on Fire: My Month of Madness

Susannah Cahalan

When 24-year-old Susannah Cahalan woke up alone in a hospital room, strapped to her bed and unable to move or speak, she had no memory of how she'd gotten there. Days earlier, she had been on the threshold of a new, adult life: She was beginning her first serious relationship and a promising career at a major New York newspaper. Now she was labeled violent, psychotic, a flight risk. In a swift and breathtaking narrative, Cahalan tells the astonishing true story of her descent into madness, her family's inspiring faith in her, and the lifesaving diagnosis that nearly didn't happen. *Brain on Fire* is an unforgettable exploration of memory and identity, faith and love, and a profoundly compelling tale of survival and perseverance.

The Cherokee Rose

Tiya Miles

This luminous and highly accessible work examines a little-known aspect of America's past — slaveholding by Southern Creeks and Cherokees — and its legacy in the lives of three young women who are drawn to the Georgia plantation where scenes of extreme cruelty and extraordinary compassion once played out. The novel is based on historical sources about the Chief Vann House in Chatsworth, Georgia, and the Moravian mission sponsored there in the early 1800s. Author Tiya Miles uncovered this history while researching her book *The House on Diamond Hill*. In *The Cherokee Rose*, she has retold the story in fiction.

Wild: From Lost to Found on the Pacific Crest Trail

Cheryl Strayed

At 22, Cheryl Strayed thought she had lost everything. In the wake of her mother's death, her family scattered and her marriage was destroyed. Four years later, with nothing more to lose, she made the most impulsive decision of her life. With no experience or training, driven only by blind will, she would hike more than a thousand miles of the Pacific Crest Trail from the Mojave Desert through California and Oregon to Washington State — and she would do it alone.

Told with suspense and style, sparkling with warmth and humor, *Wild* powerfully captures the terrors and pleasures of one young woman forging ahead against all odds on a journey that maddened, strengthened, and ultimately healed her.

The Confidence Code: The Science and Art of Self-Assurance – What Women Should Know

Katty Kay and Claire Shipman

The authors of the bestselling *Womenomics* provide an informative and practical guide to understanding the importance of confidence — and learning how to achieve it — for women of all ages and at all stages of their careers. Working women today are better educated and better qualified than ever before. Yet men still predominate in the corporate world. In *The Confidence Code*, Claire Shipman and Katty Kay argue that the key factor in that gap is confidence. Combining cutting-edge research in genetics, gender, behavior, and cognition with examples from their own lives and those of other successful women in politics, media, and business, Kay and Shipman go beyond admonishing women to “lean in.” Instead, they offer the inspiration and practical advice that women need to achieve the careers they want and deserve.

Disgruntled: A Novel

Asali Solomon

Kenya Curtis is only 8 years old, but she knows that she's different. It's not because she's black — most of the other students in the fourth-grade class at her West Philadelphia elementary school are, too. Maybe it's because she celebrates Kwanzaa, or because she's forbidden from reciting the Pledge of Allegiance. Maybe it's because she calls her father “Baba” instead of “Daddy.” What Kenya does know is that her difference is connected to what her Baba calls “the shame of being alive.” Effortlessly funny and achingly poignant, Asali Solomon's long-awaited debut novel follows Kenya from West Philadelphia to the suburbs, from public school to private, from childhood through adolescence, as she grows increasingly disgruntled by her inability to find any place or thing or person that feels like home. \

The Invention of Wings

Sue Monk Kidd

Hetty “Handful” Grimke, a slave in early 19th-century Charleston, yearns for life beyond the suffocating walls of the wealthy Grimke household. The Grimkes’ daughter, Sarah, has known from an early age she is meant to do something important in the world, but she is hemmed in by the limits imposed on women. Kidd’s sweeping novel is set in motion on Sarah’s 11th birthday, when she is given ownership of 10-year-old Handful, who is to be her handmaid. We follow their remarkable

journeys over the next 35 years, as both women strive for lives of their own, dramatically shaping each other’s destinies and forming a complex relationship marked by guilt, defiance, estrangement, and the uneasy ways of love. As the stories build to a riveting climax, Handful will endure loss and sorrow, finding courage and a sense of self in the process. Inspired by the historical figure of Sarah Grimke, Kidd goes beyond the record to flesh out the rich interior lives of all of her characters, both real and invented.

A Tale for the Time Being

Ruth Ozeki

In Tokyo, 16-year-old Nao has decided there’s only one escape from her aching loneliness and her classmates’ bullying. But before she ends it all, Nao first plans to document the life of her great-grandmother, a Buddhist nun who has lived for more than a century. A diary is Nao’s only solace, and it will touch lives in ways she can scarcely imagine. Across the Pacific we meet Ruth, a novelist living on a remote island who discovers a collection of artifacts washed ashore in a Hello Kitty lunchbox — possibly debris from the devastating 2011 tsunami. As the mystery of the lunchbox’s contents unfolds, Ruth is pulled into the past, into Nao’s drama and her unknown fate, and forward into her own future. Full of Ozeki’s signature humor and deeply engaged with the relationship between writer and reader, past and present, fact and fiction, quantum physics, history, and myth, *A Tale for the Time Being* is a brilliantly inventive, beguiling story of our shared humanity and the search for home.

Charity and Sylvia: A Same-Sex Marriage in Early America

Rachel Hope Cleves

Conventional wisdom holds that same-sex marriage is a purely modern innovation, a concept that was unheard of in the United States’ early history. But as Rachel Hope Cleves demonstrates in this eye-opening book, same-sex marriage is hardly new. Revered by their community, Charity and Sylvia operated a tailor shop in the 19th century that employed many local women, served as guiding lights within their church, and helped to raise their many nieces and nephews. Charity and Sylvia is the intimate history of their extraordinary 44-year union. Drawing on an array of original documents including diaries, letters, and poetry, Cleves traces the couple’s lives in sharp detail.

Soldier Girls: The Battles of Three Women at Home and at War

Helen Thorpe

A sizeable percentage of American soldiers sent overseas since 2001 have been women. Surrounded and far outnumbered by men, embedded in a male culture, looked upon as both alien and desirable, women soldiers have a decidedly different experience. In *Soldier Girls*, Helen Thorpe follows the lives of three women over 12 years on their paths to the military, overseas to combat, and back home. These women, who are quite different in every way, become friends. We see their families, their

lovers, their spouses, their children. We see them work extremely hard, deal with the attentions of men on base and in war zones, and struggle to stay connected to their families back home. We see some of them drink too much, have illicit affairs, and react to the deaths of fellow soldiers. And we see what happens when one of them survives driving a truck into an explosive device. Carefully reported, beautifully written, and powerfully moving, *Soldier Girls* is a groundbreaking work
